FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2014

OR

TRANSITION REPORT UNDER SECTION 13 OF 15(d) OF THE EXCHANGE ACT OF 1934

From the transition period from _____ to _____.

Commission File Number 333-184724

ELECTRIC TRACTOR CORP.

(Exact name of small business issuer as specified in its charter)

Wyoming

(State or other jurisdiction of incorporation or organization)

98-0651945

(IRS Employer Identification No.)

59 Hunter Rd Niagara on the Lake, ON L0S 1J0 Canada

(Address of principal executive offices)

(905) 467-5531

(Issuer's telephone number)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days: Yes No .

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act:

Large Accelerated Filer

Accelerated Filer

Non-Accelerated Filer

Smaller Reporting Company

Indicate by a check mark whether the company is a shell company (as defined by Rule 12b-2 of the Exchange Act): Yes No .

Indicate by check mark whether the registrant has submitted electronically and posted on its website, if any, every Interactive File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (SS325.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files), Yes No

As of March 31, 2014 we had 9,487,016 shares of common stock issued and outstanding.

ELECTRIC TRACTOR CORP.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS (unaudited)

Note 1. Summary of Significant Accounting Policies

Nature of Business

The Company was incorporated in the State of Wyoming on August 14, 2006 as Tabularasa Corp. The Company intends to become a manufacturer of advanced eco-friendly electric-powered utility tractors and attachments. On March 19, 2010, the Company changed its name to Electric Tractor Corp.

Basis of Presentation

The accompanying unaudited interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's registration statement filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for the financial statements to be not misleading have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the audited financial statements for the most recent fiscal year 2013 as reported in Form 10-K, have been omitted.

Development Stage Company

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles related to development stage companies. A development-stage company is one in which planned principal operations have not commenced or if its operations have commenced, there has been no significant revenues there from.

Fair Value of Financial Instruments

The Company's financial instruments consist of accrued expenses, accrued expenses – related parties, and advances received from an officer. The carrying amounts of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the balance sheet. Actual results could differ from those estimates.

Basic Loss Per Share

Basic loss per share has been calculated based on the weighted average number of shares of common stock outstanding during the period.

Comprehensive Income

The Company has established standards for reporting and displaying of comprehensive income, its components and accumulated balances. When applicable, the Company discloses this information on its Statement of Stockholders' Equity. Comprehensive income comprises equity except those resulting from investments by owners and distributions to owners. The Company has not had any significant transactions that are required to be reported in other comprehensive income.

Cash and Cash Equivalents

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents. At March 31, 2014, the Company had \$-0- of cash.

Income Tax

Deferred income taxes reflect the net effect of (a) temporary difference between carrying amounts of assets and liabilities for financial purposes and the amounts used for income tax reporting purposes, and (b) net operating loss carry-forwards. No net provision for refundable Federal income tax has been made in the accompanying statement of loss because no recoverable taxes were paid previously. Similarly, no deferred tax asset attributable to the net operating loss carry-forward has been recognized, as it is not deemed likely to be realized.

Stock-based Compensation

For the period ended March 31, 2014, the Company has not issued any share-based payments to its employees. Under the modified prospective method the Company uses, stock compensation expense includes compensation expense for all stock-based compensation awards granted, based on the estimated fair value on the grant date.

Impairment of Long-Lived Assets

The Company continually monitors events and changes in circumstances that could indicate carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Revenue Recognition

The Company recognizes revenue when products are fully delivered or services have been provided and collection is reasonably assured.

Research and Development

The Company incurs research and development ("R&D") costs to develop its new and next-generation products. The Company's products reach technological feasibility shortly before the products are released and therefore R&D costs are expensed as incurred.

Intangible Assets

In accordance with ASC 350, Goodwill and Other Intangible Assets, the Company tests its intangible assets for impairment on an annual basis and between annual tests if events occur or circumstances change that would more likely than not reduce the fair value below its carrying amount.

The Company applies the provisions of ASC Topic 350, requiring that intangible assets that have indefinite lives are not amortized but are subject to an annual impairment test or more frequent test if indicators of impairment exist. Management has determined that the intangible assets as of December 31, 2013 were fully impaired in the amount of \$10,000.

Advertising Costs

The Company's policy regarding advertising is to expense advertising when incurred. The Company incurred advertising expense of \$-0- during the three month periods ended March 31, 2014 and 2013.

Recent Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations

Note 2. Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principle, which contemplate continuation of the Company as a going concern. The Company has not had any revenue as of March 31, 2014, has negative working capital, and has not completed its efforts to establish a stabilize source of revenues sufficient to cover operating costs over an extended period of time.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

Note 3. Accrued Expenses

At March 31, 2014, the Company has accrued fees owed to its outside accounting firm of \$850, for services related to the quarter. Accrued expenses at December 31, 2013 of \$5,693 consisted of \$2,800 owed to the Company's outside independent auditors for services rendered for periods reported on in these financial statements, as well as, \$1,389 for Edgarizing services, \$1,315 for website maintenance, and \$190 for travel costs.

Note 4. Accrued Expenses – Related Parties

At March 31, 2014 and December 31, 2013, the Company had accrued consulting fees owed to two officers of \$92,649 and \$68,255, respectively. See Note 6.

Note 5. Capital Stock

The Company has 250,000,000 shares of \$0.001 par value common stock authorized. At inception, the Company issued 1,048,743 shares of common stock for cash proceeds of \$1,049.

On January 2, 2010, the Company acquired patents and technology assets of having a fair value of \$10,000 in exchange for 8,438,273 shares of common stock.

The Company has 9,487,016 shares of common stock issued and outstanding as of March 31, 2014.

Note 6. Related Party Transactions

During the three months ended March 31, 2014 and 2013, the Company incurred consulting fees of \$24,394 and \$22,504, respectively, related to two officers. As of March 31, 2014 and December 31, 2013, the Company has a balance due to the two officers of \$92,649 and \$68,255, respectively. See Note 4.

On April 1, 2013, the Company entered into an agreement with an officer to rent space in the officer's barn and basement for storage of tractors, related parts, office equipment and records. The lease requires monthly payments of \$1,100 and is on a month-to-month basis. During the three months ended March 31, 2014 and 2013, the Company incurred rent expense of \$3,300 and \$3,300, respectively, for rent to the officer.

Note 7. Income Taxes

The provision for Federal income tax consists of the following for the three months ended:

	<u>March 31,</u> <u>2014</u>	<u>March 31,</u> <u>2013</u>
Federal income tax benefit attributable to:		
Current loss from operations	\$ 10,100	\$ 11,000
Less: valuation allowance	(10,100)	(11,000)
Net provision for Federal income taxes	<u>\$ -</u>	<u>\$ -</u>

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows:

	<u>March 31,</u> <u>2014</u>	<u>December 31,</u> <u>2013</u>
Deferred tax asset attributable to:		
Net operating loss carryover	\$ 133,409	\$ 123,309
Less: valuation allowance	-133,409	(123,309)
Net deferred tax asset	<u>\$ -</u>	<u>\$ -</u>

At March 31, 2014, the Company had an unused net operating loss carryover approximating \$392,318 that is available to offset future taxable income; it expires beginning in 2028.

Note 8. Advances from Officer

An officer of the Company has advanced funds to be used for working capital. The amounts received are due on demand, non-interest bearing, and unsecured. The total advances received and due back to the officer totaled \$287,770 and \$277,677 at March 31, 2014 and December 31, 2013, respectively.

Note 9. Commitments and Contingencies

The Company entered into an agreement with an officer on April 1, 2013 to rent space in the officer's barn and basement for storage of tractors, related parts, office equipment and records. The lease requires monthly payments of \$1,100 and is on a month-to-month basis. See Note 6.

Note 10. Subsequent Events

The Company has analyzed its operations subsequent to March 31, 2014 to the date these financial statements were issued, and has determined that it does not have any other material subsequent events to disclose in these financial statements.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Forward-Looking Statements: No Assurances Intended

In addition to historical information, this Quarterly Statement contains forward-looking statements, which are generally identifiable by use of the words "believes," "expects," "intends," "anticipates," "plans to," "estimates," "projects," or similar expressions. These forward-looking statements represent Management's belief as to the future of Electric Tractor, Corp. (formerly Tabularasa, Inc.) Whether those beliefs become reality will depend on many factors that are not under Management's control. Many risks and uncertainties exist that could cause actual results to differ materially from those reflected in these forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements. We undertake no obligation to revise or publicly release the results of any revision to these forward-looking statements.

Overview

We are a Canadian company that designs, produces and markets electric tractors that are based on our patented electronic drive system. The original electric tractors using this patented technology, the Electric OX, were produced by Electric Tractor Corporation of Baden, Ontario (the "Baden Company"), between 1998 and 2005. In 2010 we acquired the patent to the electronic drive system along with some other assets that were originally owned by the Baden Company. We are currently developing a new generation of electric utility tractors called the Electric OX2 utility Tractor. It is expected that we will require \$2.5 million in investment over the next 2 years to execute our business plan.

Critical Accounting Policies and Estimates

General

This management's discussion and analysis of financial condition and results of operations are based upon our unaudited consolidated financial statements, which have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

There have been no significant changes in our critical accounting policies as disclosed in the Notes to our Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2013 filed with the Securities and Exchange Commission on June 13, 2014.

Comparison of Three Months ended March 31, 2014 and 2013

Revenues

Due to our lack of funds, our operations are very limited. As a result, we realized no revenue from August 14, 2006 (inception) to March 31, 2014.

Gross Profit

During the period from August 14, 2006 (inception) to March 31, 2014, we realized an accumulated deficit of \$392,318. This deficit is primarily comprised of continuous development expenses and maintenance of presentation materials and our web site.

Consulting Fees

Our largest expense for the quarter ended March 31, 2014 was consulting fees in the amount of \$24,394 as compared with \$22,504 for the same period in 2013. Consulting fees consisted of fees owed to our President and Vice President of Marketing for their services. As of March 31, 2014, we had an accumulated balance owed to these officers in the amount of \$92,649.

Professional Fees

Our Professional Fees decreased to \$1,165 for the quarter ended March 31, 2014 as compared to \$6,206 for the quarter ended March 31, 2013. Professional fees includes our Audit Fees, Legal Fees for patent registration and SEC registration and advisory work.

General Operating Expense

We incurred \$350 and \$511 for office supplies in the quarters ended March 31, 2014 and 2013, respectively.

Our rent was \$3,300 for both the quarters ended March 31, 2014 and 2013.

Costs for maintaining our patents increased to \$435 for the quarter ended March 31, 2014 as compared with \$0 in the same period of 2013.

Net Loss

We realized a net loss of \$29,644 for the quarter ended March 31, 2014 as compared to a loss of \$32,521 for the quarter ended March 31, 2013.

Liquidity and Capital Resources

Since we initiated our business operations in 2010, our operations have been funded primarily by loans from RA Zirger Holdings, Inc., a company controlled by our Director and officer, Richard Zirger. From inception through the period ended March 31, 2014, our operations were funded by loans from RA Zirger Holdings in the amount of \$287,770. For the three month period-ended March 31, 2014 we were funded by loans in the amount of \$10,093.

We currently have \$0 of Inventory and \$0 Cash on hand. Therefore, in order to carry on our business, we must obtain additional capital. We continue to actively seek investment capital. At the present time we continue to rely on funding from our majority shareholder RA Zirger Holdings, Inc.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition or results of operations.

Plan of Operation

It is expected that we will require \$2.5 million in investment over the next two years to execute our business plan. Absent such investment to fund our two-year plan as more fully set forth below, we believe our majority shareholder intends to continue to subsidizing our administrative expenses and that our director and officer will continue to provide his time without charge, during the next 12 months. While we do not have formal repayment terms for the funds advanced on our behalf, we expect that we will be required to pay back such funding in the future or to issue shares of common stock in lieu of cash.

The initial use of proceeds is to upgrade components in our current controller. We will also be updating the body design to provide improved curb appeal and driver ergonomics. Funds will also be used to finance the startup of the motor and gearbox manufacturing.

The following represents our expected use of proceeds should we succeed in securing capital:

Manufacturing and production

- Drive Motors to be purchased from a source that we have identified, \$20,000 for the first month and \$30,000 per month thereafter for as long as the tractors are being assembled.
- Frame tooling together with other metal components - \$25,000.
- Most assembly tooling - is available therefore there is no immediate cost. Small tools have to be repurchased as required by the assembly line. Estimated total cost is \$10,000.
- Body design update and tooling – over a 3 month period - \$75,000
- Cutting Motors and Gear Boxes - Estimated at \$35,000.
- Office and Plant - \$12,000 for first and last month's rent. Manpower costs for set up of equipment and production equipment - \$6,000 per month, increasing after 4 months.
- Production Engineer and plant manager - \$18,000 per month.

Sales and Marketing

We expect that upon launch, sales will be directly handled by internal sales staff responding to orders placed on our website until a dealer network is in place. We are unable to initiate the launch of the products until we have obtained adequate funding for our business plan. Currently, we have one commissioned sales person who is receiving indications of interests through our website.

Manufacturing

We are not currently engaged in commercial manufacturing of our tractors; we anticipate manufacturing to commence if we receive funding of \$2.5 million.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and in Item 10(f)(1) of Regulation S-K, we are electing scaled disclosure reporting obligations and therefore are not required to provide the information requested by this Item.

Item 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our Chief Executive and Chief Financial Officer evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on this evaluation, our Chief Executive Officer and our Chief Financial Officer have concluded that our disclosure controls and procedures, including internal control over financial reporting, were not effective, as of March 31, 2014, to ensure that information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934, as amended (i) is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and (ii) is accumulated and communicated to our management, including our Chief Executive and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Our disclosure controls and procedures are intended to be designed to provide reasonable assurance that such information is accumulated and communicated to our management. Based on this evaluation, our management concluded that our internal control over financial reporting was not effective as of March 31, 2014.

We have concluded that there are material weaknesses in our disclosure controls and procedures and they were no effective for the following reasons:

1. Due to our small size and lack of resources, we do not have sufficient accounting staff to allow timely decisions regarding disclosures.
2. We do not have sufficient accounting staff to allow for segregation of accounting or management duties.

Accordingly, we concluded that these control deficiencies resulted in a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis by our internal controls.

As a result of the material weaknesses described above, management has concluded that we did not maintain effective internal control over financial reporting as of March 31, 2014 based on criteria established in Internal Control—Integrated Framework issued by COSO.

Changes in Internal Controls over Financial Reporting

There were no changes in our internal controls over financial reporting that occurred during the quarter ended March 31, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS.

From time to time, we may be involved in legal matters arising in the ordinary course of business. While we believe that such matters are currently not material, there can be no assurance that matters arising in the ordinary course of business for which we are or could become involved in litigation, will not have a material adverse effect on our business, financial condition or results of operations in the future

Item 1A. RISK FACTORS.

There have been no material changes from risk factors previously disclosed in our annual report on Form 10-K for the fiscal year ended December 31, 2013, as filed with the Securities and Exchange Commission on June 13, 2014.

Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

During the quarter ended March 31, 2014, we did not issue or sell any unregistered equity securities.

Item 3. DEFAULTS UPON SENIOR SECURITIES.

Not applicable.

Item 4. MINE SAFETY DISCLOSURES.

Not applicable.

Item 5. OTHER INFORMATION.

None.

Item 6. EXHIBITS

Accounting
Officer)

**CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002
(18 U.S.C. SECTION 1350)**

I, Richard Zirger, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Electric Tractor Corp. for the quarter ended March 31, 2014;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: June 25, 2014

Accounting Officer)

**CERTIFICATION PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002
(18 U.S.C. SECTION 1350)**

Pursuant to section 906 of the Sarbanes-Oxley Act of 2002 (subsections (a) and (b) of section 1350, chapter 63 of title 18, United States Code), the undersigned officer of Electric Tractor Corp., a Wyoming corporation (the "Company"), does hereby certify, to such officer's knowledge, that:

The Quarterly Report on Form 10-Q for the quarter ended March 31, 2014 (the "Form 10-Q") of the Company fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, and the information contained in the Form 10-Q fairly presents, in all material respects, the financial condition and results of operations of the Company.
